

COVID-19 ROADMAP

what is really going on and why

THE 'PROBLEM'

The billionaires who run the global economy have a problem. They want to introduce a '4th Industrial Revolution (4IR)' dominated by global corporations, powered by Artificial Intelligence, robotics, autonomous vehicles, facial recognition systems and a society where everyone & everything is connected and monitored 24-7 over the internet. To work, this plan requires that everyone be tagged with a unique digital identity number and surrender their privacy. The massive automation that the 4IR will bring will also destroy many small businesses and cause up to 80% of people to become permanently unemployed — and a massive financial and ecological burden. So they want to 'cull the herd' by reducing the global population from 7 billion to 1 billion by 2030. 'The Great Reset' is the name of the plan to implement the 4IR but they need a smokescreen to manipulate people into co-operation.

THE 12 STEP 'SOLUTION'

STEP 1 CREATE A FAKE SCARE TO TERRIFY PEOPLE INTO COMPLIANCE

Fake a 'pandemic' using a version of the flu with **very common symptoms** and a **99%+ recovery rate**. Massively exaggerate the seriousness of the virus by using totally unreliable PCR diagnostic tests and by recording all regular colds & flu as COVID. Use **constant propaganda** to **provoke massive fear**. Ignore far more serious illnesses like cancer. Impose **media censorship** on those asking questions.

STEP 2 IMPOSE LOCKDOWNS TO START PROCESS OF ELIMINATING SMALL BUSINESSES

Prevent people meeting up and asking questions. Pay **unsustainable welfare payments** to dampen initial resistance. Begin wiping out **small businesses** and their financial independence. Begin the massive **transfer of wealth and power to global corporations** such as Amazon. Push countries into accumulating massive amounts of **unaffordable debt**. **Push work, education and living online**. Remove religious freedoms. **Normalise cashless payments**. Use lockdowns to promote fear and weaken natural immunity.

STEP 3 IMPOSE SURVEILLANCE AND THE START OF A POLICE STATE

Get people to accept **contact tracing** and having all movements and social contacts monitored. Give police vast new powers to **restrict personal freedom of movement and speech**.

STEP 4 IMPOSE FACE MASKS AND ANTI-SOCIAL DISTANCING

Masks help **promote COVID fear** and signal public compliance. Frightened people are easier to control. Masks are also unhealthy and can trigger respiratory infections that can be blamed on COVID.

STEP 5 PUSH GENETICALLY MODIFYING COVID INJECTIONS

New experimental COVID gene editing injections will begin the process of **genetically modifying humans**, bio-engineered for, among other things, sterility. Scientists are bribed with grants and doctors with bonus payments to support testing and injections. People are promised they can have 'some' of their freedoms back if they willingly queue up to take the injections.

STEP 6 IMPOSE DIGITAL 'HEALTH PASSPORTS'

Medical-apartheid will be used to reward the obedient and discriminate against those who have not been injected. 'Health passports' are the first step to creating global digital identities.

STEP 7 TRIGGER A SERIES OF DEPOPULATION WAVES

The COVID mRNA injections will expose recipients to **pathogenic priming**. When these people are then exposed to flu-like illness, their genetically modified immune systems are more likely to over-react and create fatal auto-immune responses. This will cause **death rates among injected people to start to rise very rapidly** during over winter flu seasons. Blame will be placed on all sorts of 'new COVID variants' to further heighten public fear. Propaganda will intensify.

STEP 8 FORCE MANDATORY 'TOP UP' COVID INJECTIONS & DIGITAL IDENTITIES

Rising death rates and public panic will create an excuse to try to make the COVID injections and digital identities compulsory. Updated injections will include smartdust (nano-chips) to allow all **movements, contacts and health status** of injected people to be subject to **constant 24-7 internet surveillance**. Those who refuse injections and digital identities will be actively persecuted.

STEP 9 TRIGGER A FULL GLOBAL ECONOMIC CRASH

Extended lockdowns, rising death rates, food shortages, public panic, out of control State spending and massive printing of trillions in paper money will inevitably lead to a global economic collapse. **Millions will become unemployed**. Governments globally will start to **confiscate private savings** and assets to avoid complete bankruptcy. National assets will be sold off to **global corporations** at bargain prices. The economic crash will be, conveniently, blamed on COVID.

STEP 10 IMPOSE DIGITAL CURRENCIES & ABOLISH CASH

Cash allows people to shop in privacy. But new digital currencies introduced as part of 'The Great Reset' will **remove all personal financial privacy** about what, where and how you can spend your money. Access to money will require a digital identity. This will allow the introduction of **Chinese-style social credit systems** where access to your own money will become dependent on you being an obedient citizen.

STEP 11 IMPOSE UNIVERSAL BASIC INCOME SCHEMES... WITH STRINGS ATTACHED

The global economy will be 'reset' along centrally planned lines under the control of the global elite. The IMF and World Bank will fund national **'debt forgiveness'** and **'universal basic income'** welfare programmes in exchange for citizens **handing over all personal property rights**, compliance with **annual injections**, accepting **digital identities**, nano-chipping and other conditions. By this stage most people will have:

- surrendered control over their bodies, health & lifespans
- surrendered control over their privacy & freedom of movement
- surrendered control over their spending & finances
- surrendered control over their freedom of thought & speech

All obstacles to the rollout of the so-called '4th Industrial Revolution' will have been removed — unless enough people wake up to the plan and resist.

STEP 12 ARRIVE AT THE 'NEW NORMAL' 21st Century Communism / Fascism

If allowed, the "New Normal" will be a **depopulated**, 'cleaned-up', **high-tech, dehumanised, totalitarian dictatorship** run as a bio-medical police State by technocrats for the benefit of a tiny billionaire elite.

Most people will be **genetically modified, digitally tagged**, nano-chipped, **permanently connected to the internet** where they will be monitored 24-7 by artificial intelligence, living socially distant, unquestioning virtual lives devoid of meaning or spirituality. **Global corporations will own most assets** including homes. **Most people will be forced to rent**. According to the World Economic Forum's own propaganda "you will own nothing and you will be happy". If this is allowed, **human freedom will be eliminated**.

BUT MANY PEOPLE ARE WAKING UP & RESISTING...

THINK!

Bill Gates, the WHO & the WEF believe the world is OVERPOPULATED but want to 'save' your life with compulsory INJECTIONS!
